SELECTMEN'S REPORT

December 31, 1984 showed the Town closing out the year with a \$26,058.00 fund balance. Once again the Town is in an excellent financial position. The Town's total indebtedness at the end of 1984 was \$4,000.00. This will be paid off in 1985 leaving the Town debt free. None of the warrant articles in the 1985 Town Meeting are asking for the issuance of any long term notes.

The 1984 Town Meeting voted to purchase a computer system for the Town. Considerable time this past year has been spent by the selectmen evaluating software programs to suit the Town's needs, before buying the hardware. The Selectmen owe a great deal of gratitude to Terrance Murphy who spent many hours working with the Selectmen in looking over software packages that have been available for Municipalities on the market. Finally the decision was made to purchase the IBM CP/XT computer with a 10 MB hard disc drive. The total package purchased includes 2 CPU units, 2 printers, 2 color monitors, the IBM Business Management Series and the Personal Decision Series software packages. This provides the Town with a complete municipal accounting package, voter check lists, residents tax list, yield taxes lists, address labels, word processing and much more. (In fact the reports for the Town Report this year are all being done on the word processing module. I hope they come out all right). Once again a great deal of thanks is due to Terrance Murphy, who has spent to date untold hours of his time in setting up the accounting package on the hardware. The reports generated have been run by our accountants and they are pleased with the results. In fact, their comment was that they haven't seen as good a package as this one anywhere in the State. It will take a good part of the year to get everything set up and running the way we want it to be. The property tax package is being developed by a firm in Keene, N.H. the way we want it programmed. This will be on by the middle of the year.

Article 3 is asking to replace the 1973 F-600 4 wheel drive dump truck with a new 4 wheel drive dump truck. The old truck is over 12 years old is getting to be expensive to maintain. We are asking that the \$30,000.00 be taken out of the highway appropriation.

Article 4 is asking for the sum of \$7600.00 to be raised with \$1200.00 to be taken out of Revenue Sharing Funds and \$6400.00 to be withdrawn from the Highway Department Capital Reserve Fund for the purchase of a second hand four wheel drive fire truck. This truck became available in March of last year but not in time to include in the 1984 Town Meeting. The truck was purchased privately by four members of the Fire Department. We are asking for favorable action on this article to release the four individuals of any financial obligation they have risked for the Fire Department and the Town.

Article 5 is asking that the sum of \$22,000.00 be taken out of the fund balance and to be used for the much needed and long overdue tax mapping of the Town. This project if voted favorably, will begin in the spring before the leaves are on the trees and will be completed by the spring of 1986.

Article 5 Concerns reappraisal of all real estate in the Town. The article asks for an appropriation of \$20,000.00 with \$10,000.00 to be taken from the Revenue Sharing Funds and the balance to be raised by taxation. This project will take two years to complete. The reappraisal will be done by an independent, State approved firm.

Article 8 submitted by the Planning Board asks for the granting of site plan review authority to the Board. The Planning Board is asking all voters to read the Planning Board Report printed elsewhere in this report with regards to the above mentioned article.

The Selectmen

TOWN WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF BRIDGEWATER IN THE COUNTY OF GRAFTON IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Grange Hall in said Bridgewater on Tuesday, the Twelfth day of March, next at twelve of the clock in the noon to act on the following subjects:

Polls to be opened from 12:00 noon to 6:30 PM

Business Meeting at 8:00 P.M.

1. To choose a Selectmen for three (3) years and all other necessary town officials.
2. To see what sum of money the Town will vote to raise and appropriate for General Expenses as estimated in the budget.
3. To see if the Town will vote to appropriate \$30,000 for a new Highway Truck and authorize the funds to be taken from the General Expenses of the Highway.
4. To see if the Town will vote to appropriate \$7,600 for the purchase of a Fire Truck from the Town of Milford N.H. and authorize the withdrawal of \$1,200 for this purpose from the Federal Revenue Sharing Fund with the balance of \$6,400 to be withdrawn from the Highway Department Capital Reserve Fund.
5. To see if the Town will vote to appropriate the sum of \$22,000 for Tax Mapping of the Town with the money to be taken from the 1984 surplus.
6. To see if the Town will vote to appropriate the sum of \$20,000 to have a reappraisal made of all real estate in the Town and authorize the withdrawal of \$10,000 for this purpose from the Federal Revenue Sharing Fund with the balance to be raised by taxation.
7. To see if the Town will vote to raise and appropriate the sum of \$3,000 to be used by the Bicentennial Committee of the Town for the upcoming 1988 birthday celebration of the Town.

Bicentennial Committee

8. To see if the Town will vote to grant site plan review authority to the Planning Board in accordance with RSA 674:43, and to file with the Grafton County Register of Deeds a certificate of notice showing that the Planning Board has been authorized to adopt Site Plan Review Regulations. This will provide the Town with an opportunity to review and approve or disapprove plans for non-residential uses and for multi-family dwelling unit development.

Planning Board

9. To see if the Town will authorize the Selectmen to, apply for, accept and expend money from the State, Federal or other government unit or a private source which becomes available during the year in accordance with procedures set forth in RSA 31:95.
10. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
11. To transact any other business that may legally come before the meeting.

Given under our hands and seals, this Twenty Sixth day of February in the year of our Lord nineteen hundred eighty five.

To the Members of
the Board of Selectmen
Town of Bridgewater
Bridgewater, New Hampshire

We have examined the combined financial statements and account group financial statements of the Town of Bridgewater, New Hampshire as of and for the year ended December 31, 1984, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and account group financial statements referred to above present fairly the financial position of the Town of Bridgewater, New Hampshire at December 31, 1984, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Bridgewater, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

February 7, 1985

Carri - Plodzik - Sanderson

TOWN OF BRIDGEWATER

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1984

The annual requirements to amortize all debt outstanding as of December 31, 1984, including interest payments, are as follows:

Annual Requirements To Amortize Long-Term Debt

<u>Year Ending</u> <u>December 31</u>	<u>General Obligation Debt</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1985	\$4,000	\$320	\$4,320
	<u> </u>	<u> </u>	<u> </u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit.

NOTE 3 - CAPITAL RESERVE FUNDS

The capital reserve fund balance held by the Trustees of Trust Funds at December 31, 1984, is for the Highway Department, in the amount of \$12,729.

NOTE 4 - TRUST FUNDS

The principal amount of all nonexpendable trust funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's nonexpendable and expendable trust funds at December 31, 1984, are detailed as follows:

<u>Purpose</u>	<u>Nonexpendable</u>	<u>Expendable</u>
Cemetery Care	\$4,060	\$4,719
	<u> </u>	<u> </u>

BRIDGEWATER PLANNING BOARD

The past year was an extremely busy one for the board, considering routine subdivisions, wind energy systems, a biomass electrical generating plant and a very large condominium proposal. Many more than the required twelve meetings were held due to the special considerations noted above. Consequently, little was accomplished in the area of long range plans and studies noted in the 1983 report. The highway study was further hampered by the resignation of a co-chairman. The Board intends to readdress the study groups and to get on with the review of the master plan.

Of current and immediate interest to the board, and we think the Town, is the establishment of Site Plan Review authority. This is done by ordinance, voted at Town Meeting. Such authority, granted to the Planning Board, will result in a Public Hearing on the proposed ordinance. The Planning Board then votes to accept or not to accept an ordinance, considering the results of the Public Hearing.

The purpose of such authority (and following regulations) is to make sure the Planning Board "reviews and approves or disapproves site plans for the development of tracts for non-residential uses or for multi-family dwelling units, which are defined as any structure containing more than two dwelling units, whether or not such development includes a subdivision or resubdivision of the site". RSA 674:43. The developer must provide in advance all details of the project, according to the regulations.

The Board feels much time could be saved by all parties concerned and the Town would have a better grasp on development proposals.

The Board urges passage of the article.

Lawrence L. Denton
Chairman

FIRE DEPT REPORT 1984

The fire department responded to 28 calls during 1984. There was 10 out of town calls for mutual aid to other depts. Six chimney fires, three smoke investigations, one brush fire, one limb on power lines, one flood assistance call, one false alarm, one dump fire, and three recalls to the same stubborn dump fire.

The department regrets the loss of Lt. Louis Lavigne who lost his life in a fishing accident this past summer.

Louis and three other firemen took out a loan to purchase a used fire truck for the dept from the town of Milford. A warrant article to pay off this note is included in this years Town Meeting warrant.

BRIDGEWATER BICENTENNIAL COMMITTEE

The Bicentennial Committee has held three meetings in the past year. Many ideas and projects have been discussed by expenses for the Bicentennial. We are also planning fund raising projects to help with the expenses for our upcoming Bicentennial Birthday in 1988.

We are planning a summer of activities for 1988, starting off with a parade in July and ending our festivities with the Old Home Day Week-end in August.

A program of events will be mailed with the 1987 tax bills, also a program can be picked up at the Town Meeting of that year.

We cordially invite all Town members to participate in this special event.

Respectfully yours,

1988 Bicentennial Committee

Report of the Executive Secretary of the

LAKES REGION ASSOCIATION

July 1, 1983 to June 30, 1984

The Lakes Region Association brought together five Chambers of Commerce in the region for a cooperative advertising/mailing program. Under a formula system it was set up so that each of the Chambers could participate at whatever level it was within their reach either financially or brochure wise. This program used \$9,640 of cooperative funds and requested a State Matching Grant of a like amount giving us \$19,280 for white space advertising and a total of \$32,010 for the entire program, including expenses for mailing literature directly to those interested parties. This program is the envy of other areas, and is now being copied.

Spring, while we were servicing these inquiries, our Lakes Region Attractions group were not to be out-done. They too, planned a television advertising program, raised \$13,100 of their own money. This well designed program was used in the Greater Boston/Providence and Maine area to encourage the day tripper, as well as the longer time vacationer. This was most successful. They again published and distributed 620M of their brochures and worked hard to keep the public informed that this is an excellent location for a vacation or a seasonal or year round home area.

We continue to publish annually the Where To In The Lakes Region book; the Navigational Charts of several of our lakes; supervise the activities of the Lakes Region Attractions a part of our organization; guide new commercial property owners in management and promotion of their properties; work with the many State agencies; and are active with the N.H. Travel Council, and the N.H. Hospitality Assoc.

The Lakes Region Assoc seeks to preserve the quality of life we have here in our special part of New Hampshire. We want to maintain and preserve our natural resources, our lakes, our fields, and forests, so that they can be enjoyed by not only those of us who live here, but also by those who visit our region.

I have faith in our communities, their judgement and their ideals and know the Lakes Region Assoc. will continue to work comfortably with our communities to mutual goals.

Respectively submitted

Mildred A. Beach, Exec. Sec.

REPORT of the GRAFTON COUNTY COMMISSIONERS

To the Citizens of Grafton County

The county fiscal year 1985 tax rate to the towns increased by 6.76%, mainly due to the increased liabilities and mandates for services. One reason is that the child placement budget has escalated from \$40,000 in the fiscal year 1982 to over 250,000 in the fiscal year 1985. These costs are a direct result of RSA 169 when towns succeeded in getting laws changed to place financial responsibility on the counties. Also, the settlement statute, RSA 164, was changed regarding accumulating days for settlement, so that once the County has liability, the liability now remains with the county indefinitely. In addition, as experienced by towns and cities, the cost of nursing care has rapidly increased because of reduced federal and state funding. and will continue to increase at the local level with property taxes funding more of these services in the future.

We anticipate some budget relief with the new unified court system as soon as total costs of the court operations are fully funded by the state as intended in the legislation.

Because of the increasing unfunded mandated services and the unknown nature of federal and state participation in those mandated services, it becomes more difficult each year to budget in a realistic manner- a problem shared in common with towns and cities.

We are continuing energy conservation measures, with appreciable cost savings to the taxpayers. Window modification, with a five year pay back, is one of our long term conservation measures, as well as modification to the heating control system.

Correctional needs and facilities are continually monitored and reviewed to comply with current standards and regulations. Studies have been completed and new construction was not recommended at this time.

In accordance with federal revenue sharing requirements, all county facilities and services are regularly reviewed for compliance with handicap regulations.

The Commissioners hold regular weekly meetings every Monday and encourage public attendance. Grafton County budget is processed through May and June and the Commissioners welcome input and strongly recommend your attendance at the public hearing normally held in mid-June.

We appreciate your continued interest and support.

GRAFTON COUNTY COMMISSIONERS:

REPORT OF THE TOWN FOREST FIRE WARDEN
AND
THE STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when ground is free of snow, without written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for damages caused, fire suppression costs and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow MUST BE AUTHORIZED by the local Forest Fire Warden.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.
